GENERAL INFORMATION

The monthly *E-Learning Package* includes the following:

- Daily live stream classes timings:

Live stream classes start in the morning using a video interactive program. We will send you shortly a LPP email address and password for your child to log into the Google platform. A notification to join will be sent to you by email prior to the start of the class.

Live classes will be recorded and re-posted on google classroom platform for children who were not able to join in the morning. However, we strongly encourage all children to participate and interact with the teachers as interaction between teachers and children has a major impact on children's achievements.

GOOGLE CLASSROOM - we will be posting the daily worksheets and videos of activities that will not be included in the live class (story reading, arts & crafts, etc). Children are encouraged to post their work on the platform so teachers can evaluate it.

Tips:

- Please prepare your child and log on few minutes before the start of every class to allow the latter to settle and be ready to interact with the teacher.
- Do not worry if your child does not sit still for the whole class period. Distance learning is challenging and new to all children from all ages. It will take them time to get used to the new idea.
- Before the start of the class, please ensure the mute mode is on to avoid interferences. Teachers will encourage children to participate individually.

We hope you will enjoy the classes!
